Our customer service phone number is
+1 858 999 2114 ext 1.

Step-by-step guide

1. **To start:** Use the black key ① to open the safe. Once the safe is open, locate the battery holder ② (Inside Safe)
Insert 4 AA batteries into the battery holder ②.

2. **You are now ready to set up a 6-digit PIN code!**
Long press the Setting/Reset Button ③ located on the inside of the safe to the left of the battery holder ② .
After the voice prompt "Please setup Six digit password", insert your desired 6-digit PIN code ④ .
Once you have inserted your desired 6-digit PIN code, a voice prompt "please repeat input Six-digit password" will play.
Re-insert the same 6-digit PIN code ④.
You have successfully set up your 6-digit pin code if you hear a last voice prompt "Successful setting"
*If voice prompt "Unsuccessful setting" plays, please restart from step 3.1 and try again.
A new password can be set at any time by repeating these steps.
To ensure you have setup your 6-digit PIN code successfully, close your safe and attempt to open it using
your 6-digit PIN code.

3. **You are now ready to set up a fingerprint!** While the safe is open, place your fingerprint on the
biometric fingerprint reader ⑤. Voice prompt "please setup fingerprint" will play. Short press the digit button "1" ④,
then long-press the Setting/Reset button ③. Voice prompt "please setup fingerprint" will play.
Place fingerprint on biometric fingerprint reader ⑤ until a voice prompt "please input fingerprint again".
Release your fingerprint and repeat the process until the voice prompt "successful setting" plays.
*if voice prompt "unsuccessful setting" plays, restart from step 3
To ensure you have setup successfully, close your safe and attempt to open it using your fingerprint scan.

4. **In order to add a new fingerprint**, opent the safe and short press the digit button "1" ④
and long press the Setting/Reset button ③. Repeat step 3.

5. **In order to delete all fingerprints** from your safe, ensure your safe is open.
Once open, long press Setting/Reset button ③ for 5 seconds. A voice prompt "please setup 6-digit PIN code
" Follow steps 2. To insure the fingerprints have been deleted, close the safe and tap the biometric fingerprint scanner.
