

Quick set up guide:

TOKK™ CAM F3+

1. Power Button
2. Micro-SD Slot
3. Reset
4. USB Port
5. Mic
6. Lens
7. Indicator
8. Speaker
9. PIR and light Sensor

If you have a SD card, insert it in the Micro-SD Slot.
Plugg the Camera to charge (4) using the furnished micro USB cable.

1- Long press the Power on the camera.

2- Download the application called “Fowl” on your smart device (App available on the App Store for iOS and Google play for Android), you can scan the QR code (A)

3- Go to WIFI settings on your smart device.

4- Wait until your camera name appears “OK_XXX”, when it appears select it.

-wait for OK_XXX to connect (disregard messages like “unsecured network, or”/no internet access...”) as long as “OK_XXX”, is selected as your wifi network you can close the settings.

5- Open the “Fowl” app, and Press Play to watch your camera video.

6-Configure your Wifi by pressing gearshift icon and set camera parameters.

7-Select Wifi Settings and select your home Wifi and type your Password and press confirmed.
you should hear a prompt “Connection Success”

Now press the play button to view the live feed. Congrats you have set up your new TOKK™ CAM.
Install the Solar Pannel and plug it to the Camera.
