

Quick set up guide:

TOKK™ CAM X1

1. Power Button
2. Micro-SD Slot
3. Reset
4. USB Port
5. Mic
6. Lens
7. Indicator
8. Speaker

If you have a SD card, insert it in the Micro-SD Slot.

1- Plugg the Camera to charge (4) using the furnished micro USB cable, the camera automaticly turns on.

2- Download the application called “Fowl” on your smart device (App available on the App Store for iOS and Google play for Android), you can scan the QR code (A)

3- Go to WIFI settings on your smart device.

4- Wait until your camera network wifi name appears “OK_XXX”, when it appears select it.

FOWL APP
QR CODE (A)

-wait for OK_XXX to connect (disregard messages like “unsecured network, or”/no internet access...”) as long as “OK_XXX”, is selected as your wifi network you can close the settings.

5- Open the “fowl” app, and Press Play to watch your camera video.

6-Configure your Wifi by pressing gearshift icon and set camera parameters.

7-Select Wifi Settings and select your home Wifi and type your Password and press confirmed.
you should hear a prompt “Connection Success”

Now press the play button to view the live feed. Congrats you have set up your new TOKK™ CAM X1.
